Brisbane, QLD | 0481108194 | kaiwang2027@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Full stack developer with practical experience building automation-focused web workflows, AI-assisted development processes, and API-integrated business platforms across **20+** production projects. Proficient in React, NestJS, AWS S3, and Secrets Manager, with hands-on experience in document processing pipelines, API workflow integrations, and human-in-the-loop review systems.

PROFESSIONAL EXPERIENCE

Full Stack Developer | Actualisation • Brisbane, QLD

Dec 2025 – Present

- Delivered the UDC (the Union Dairy Company) purchase order automation workflow end-to-end, integrating frontend uploads, AWS S3 storage, backend processing APIs, and human-in-the-loop review.
- Standardised multi-format purchase order extraction for UDC, achieving **96%** accuracy and supporting dispatch warehouse calculation.
- Configured AWS Secrets Manager to manage backend service credentials and support Cognito token retrieval across UDC workflows.
- Built backend workflow API logic for purchase order review, stock checks, credit checks, sales order creation, and draft email handling.

Full Stack Developer | Digital8 • Brisbane, QLD

Sep 2024 – Sep 2025

- Built and shipped full stack features across **15+** commercial client projects using React, Laravel, and API-integrated workflows.
- Implemented Laravel backend features for UGive and Scout, including database integration, form processing, and frontend-facing API responses.

Full Stack Developer Intern | Easy Skill Australia Pty Ltd • Brisbane, QLD

Apr 2024 – Jul 2024

- Built a full stack payslip automation platform using React, NestJS, and Boond Manager API integration.
- Reduced unnecessary web requests by **60%** and improved page load speed by approximately **90 seconds** by restructuring backend service modules.

PROJECT EXPERIENCE

AI-Assisted Development Workflow

May 2026

- Designed a structured development workflow using AI tools for requirement breakdown, implementation planning, code review preparation, and reusable prompt documentation.

TECHNICAL SKILLS

Automation & AI Workflow: AI-assisted Development, AI Tools, Prompt Engineering, Workflow Automation, Human-in-the-loop Review

Frontend: React, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS
