PROFESSIONAL SUMMARY

Web developer with commercial experience building responsive React, JavaScript, Laravel, and HubSpot CMS projects across client-facing environments. Skilled in converting design and business requirements into maintainable web interfaces, reusable CMS modules, API-connected forms, and practical full stack web features. Experienced in AI-assisted development workflows, with strengths in debugging, optimisation, and agency-style web delivery.

PROFESSIONAL EXPERIENCE

Full Stack Developer | Actualisation • Brisbane, QLD

Dec 2025 – Present

- Independently delivered Actualisation's HubSpot CMS implementation, converting page designs into reusable templates, custom modules, forms, and HubDB-driven pages.
- Built React and Express.js features for the UDC purchase order automation platform, supporting frontend uploads, validation, backend processing, and human review.
- Implemented AWS S3 file handling for UDC purchase order uploads, passing generated S3 URIs into backend processing workflows.

Full Stack Developer | Digital8 • Brisbane, QLD

Sep 2024 – Sep 2025

- Delivered full stack features across **15+** commercial projects, including Grace Loves Lace luxury bridal commerce, using React, Laravel, and API-connected workflows.
- Implemented Laravel backend features for UGive and Scout, handling form submissions, database-connected processing, and API data for frontend interfaces.
- Contributed to modernising a **6-year-old** legacy system by developing features, resolving bugs, and migrating **61** mobile pages while preserving **95%** functionality.

Full Stack Developer Intern | Easy Skill Australia Pty Ltd • Brisbane, QLD

Apr 2024 – Jul 2024

- Built an internal payroll automation platform using React, NestJS, and Boond Manager API integration.
- Reduced unnecessary web requests by **60%** and improved page load speed by approximately **90 seconds** by restructuring data-fetching logic.

Front End Developer Intern | Phonely • Melbourne, VIC

Dec 2023 – Feb 2024

- Built React and Next.js frontend features, supporting data retrieval, page rendering, early-stage data simulation, and API integration.
- Delivered a real-time user statistics dashboard and AI-driven call records page, improving service visibility for internal management.

PROJECT EXPERIENCE

Personal Portfolio (AI-Assisted Development Workflow)

May 2026

- Designed a personal AI-assisted development workflow for UI exploration, requirement breakdown, implementation planning, and reusable prompt documentation.

Freelance React Native Developer | Golf Wizard Co.

Sep 2025 – Present

- Maintained and enhanced a production React Native golf competition app supporting **400+** active users, live competition workflows, leaderboard features, and round management.
- Improved application reliability by debugging rendering issues, reviewing API behaviour, testing mobile flows, and coordinating fixes across React Native and backend services.
- Planned admin-facing feature improvements for leaderboard visibility controls, live hole editing, and competition result management.

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, SCSS, Responsive Web Design

Backend & APIs: Laravel, PHP, Express.js, Node.js, NestJS, RESTful APIs, API Integration

CMS & Platforms: HubSpot CMS, Design Manager, HubL, HubDB, CMS Templates, CMS Modules, Forms

Tools & Workflow: Git, GitHub, GitLab, Jira, Postman, Figma, AI-assisted Development

EDUCATION

Master of Information Technology

Dec 2023

The University of Queensland

Bachelor of Measurement and Control Technology and Instruments

Jun 2020

China University of Geosciences Beijing

CERTIFICATION

Microsoft Certified: AI Apps & Agents Developer Associate AI-103

Expected Sep 2026
